ListHub specializes in online advertising and reporting on advertising results. Today, they manage online placement of about half of the listings in the nation. ListHub is already integrated with the DeKalb Area Association of REALTORS® thru MRED making your online success effortless.

Join us for this informative session. A ListHub product expert will present important tips for capturing the interest of millions of online consumers. Research shows that the largest pool of qualified buyers is on the Internet. You will learn simple tips for capturing these leads and turning them into buyers and you'll learn how easy it is to keep your sellers informed of the interest their property is generating online!

ListHub can provide you with the tools and information to stay one step ahead of your competitors. Don't miss it!
